THE LINE

Redge Hawkley, CAF President

Gone fishing . . .
update in the Au-
gust newsletter.

SOUTHERN BAJA IN AUGUST 24-28TH

We all remember Toby Uppinghouse from Chico Fly Shop. Toby has dared the retail market and opened his own store in Vacaville outlets (near Big 5 Sporting Goods) last year and is doing quite well. From time to time members have stopped in and said hello and he keeps tabs with the club and with other fishing outlets in Northern California.

Well he has put together a trip to Southern Baja this August (www.flyfishunlimited.com) for information on this exciting trip. It is \$1,000 for guide, room, meals and a good time. Airfare and bars are not included (happy hour is 6 hours long and 2-for1). Give him a call (707) 446-0760 or check out the trip info.

NO JULY / AUGUST GENERAL MEETINGS

The summer is for fishing, and the CAF meetings will resume on September 13th at the Butte County Public Library.

We will however publish the monthly newsletter and if you have any information or tidbits of fishing knowledge, please let us know.

You may reach if you have any other concerns about the newsletter, please contact Denny at 342-1217.

CAF FISHOUT - JULY / AUGUST

No planned CAF fishouts to date.

Contact: Jeff Richelieu or Mark Adams at 893-1600 (daytime). However, the Hex is happening and you may get updated info from any of the two local fly shops. See you on the water.

UPDATE INFORMATION SITE

What's Hot and What's Not (THE Northern California Flyfishing Report) from Fish First! is provided free from this knowledgeable website and retail store. If you would like to be added to the email distribution of this report, visit www.fishfirst.com and follow the link to subscribe to the free email report. Visit them when you head out fishing; Chico store hours: Open 9am-6pm M-Sat, 11am-4pm Sun.

HEX HATCH

The summer hex hatch is on with little numbers of fish being caught. The hatch has been late in the evenings with most fish rising at dark. Without a full moon to provide late light with, fishing has been sound/blind casting (hear the rise and hurriedly cast to the general area).

According to some lore, the mild winters produce lighter hatches that are strung out over a longer period of time.

In addition, some fishermen are commenting that the fish are not gathering at the hatch areas. I personally feel it is just a bad year (without getting into the exact science of things) with little or no fish being caught.

For whatever the reason . . . it is a slow year and alternative fishing methods are recommended for the diehard fisherman (or fisherwomen).

I have heard that Modoc was good this year at various lakes. Davis has produced many exciting moments and the rivers are also fishing well.

Salmon are here and so is the summer so go out and enjoy any time on the water you can get. It is good for the soul!
